Футурология прошлого (К вопросу об исторической памяти и исторической политике)

(Abstract)

In connection with the anniversary of the Russian-Turkish War of Liberation (1877–1878) and its results and in the context of the growing interest to counterfactual history, the author offers his reflections and assessments of Russian-Bulgarian relations, Russian policy in the Balkans, Slavdom, national identity and globalization, historical memory and politics in history.
