Reports on Bulgaria in Chinese Newspapers and Periodicals before and after the Social Transformation in Eastern Europe

(Abstract)

Chinese readers pay great attention to Bulgaria since the second half of 19th century when Bulgaria was reported in Chinese Newspapers and Periodicals (journals). There are 5 periods of the reports: from the late 19th century to 1949; 1950–1965; 1966–1978; 1979–1989; from 1990 to now. Generally speaking, the reports are getting deeper and more and more interesting. Today, in days of a closer relationship of the two countries, we should better evaluate the relationship and have more concrete and deeper corporations with each other.
