**Обучение студентов из Чехословацкой республики в Народном  
военно-морском училище им. Николы Вапцарова в период 1953–1959**

**гг.**

(Abstract)

The author investigates the selection and the training of foreign students from Czechoslovakia in the period 1953–1959, and also their realization in shipping and at shipbuilding enterprises after their graduation. The most important factors for success are the good selection and high-level of adaptation of students as well as special preparation and pedagogical skill of the lecturers of Nikola Vaptsarov Naval Academy.
