Development of Agricultural Activities in Bulgaria in the Conditions of Euro-Integration Processes (1989–2007)

(Abstract)

This article is devoted to the research of the corporate agrarian system in Bulgaria, that in 1989-2007 was represented by agrarian holdings. The preconditions, the scheme and the three stages of creation of agricultural cooperatives in the conditions of integration into the European space (I – 1989–1996, II – 1996–2000, III – 2000–2007) – have been analyzed. Features of zoning and production directions of activity of these leading operators of agrarian market have been considered.
